---

Firstly, I would like to say Thank You for giving me the opportunity to apply this position , my name is **Hsu Shoon Lae Nwe** and I graduated BE (IT :) from Technological University (Hmawbi). Then, I worked as an **Programming Instructor (Specialized in Web Development)** and as the company requirement I changed the position to the **Front-End Developer , Python (Django ) Developer** step by step at Little Code Lab Myanamr . I worked effectively by the rule of facility Management Job description.

While I am working as Front End Developer, I have to do for making Web Templates, Website in Front-End using Front-end technology including SEO Features .As Python developer , I've responsible for making Web App . Then, I am working as **Developer** at SMEI of Odoo Gold Partner Company, it' responsible for fixing debug , Especially in making Websites for Client, UI/UX Design , POS system, ecommerce and elearning Website. I am easy going person and I can work well with everyone. I enjoy being around different types of people and I like to always challenge myself to improve at everything I do. I have enclosed my resume along this letter that will show you detail of my educational and other experiences.

Thank you for taking your time to review my resume. I would welcome the opportunity to discuss how my education, practical skills, and background would qualify me to be family member of your company. Please contact me at **+959975803356** or **[sushoonlaenwe@gmail.com](mailto:sushoonlaenwe@gmail.com)** to set up a time for an interview. I'm looking forward to hearing something from you.

Sincerely ,

Hsu Shoon Lae Nwe
